

FREE Clinical Observation in Syndrome Acupuncture

This offer is open to Doctors and Healthcare Professionals who have no experience in acupuncture practice or would like to understand the difference of **Syndrome Acupuncture & Chinese Medicine** in comparison to Western acupuncture e.g. Trigger point acupuncture, Intramuscular Stimulation (IMS).

You will have a unique opportunity to observe the treatment conducted by experienced practitioners and professors from the **Beijing University of Chinese Medicine** working at the AcuMedic Centre and receive on-site feed back from AcuMedic patients about their treatment.

- Join the lectures with the current students
- Join the case studies with patients talking about their main complaints and the treatment, with the lecturer explaining the cause, conditions and how to give treatment using acupuncture points and herbal medicine from a holistic perspective.
- Observe acupuncture practise and needling techniques
- Understand how practitioners make a diagnosis
- Questions and answers on treatments
- Refreshments provided

Date: 12-13 / 26-27 June 2010
